January 7 through
July 17
(Break on February 18,
May 27)

Course Flow:

65 contact learning hours delivered over 24 weeks, 2 hours, once a week. 10 hours of mentor coaching included; 6 in group format, 4 in individual format.

All sessions are delivered over the Internet through our custom, live video platform (Zoom) in a maximum group size of 9 participants.

Pre-requisite: Candidates demonstrate a minimum of 500 hours of client experience plus evidence of coach-specific training and certification.

Course Tuition: \$4,000

CCE Units: 65

- 65 Core Competency

Advance your artistry, invigorate your client experience and stimulate an evolution in your work as a coach practitioner. This advanced development course is designed to challenge your habits, preferences and bias so that you are more spontaneous, fully present and sovereign as coach.

Your learning at inviteCHANGE balances three essential areas of development:

1. Expanding and deepening personal presence as a coach practitioner
2. Coach-specific core competency demonstration and knowledge
3. inviteCHANGE generative coaching principles, models and techniques

Our Advanced Credentialed Coach Pathway focuses on developing artful mastery to evolve from Intermediate PCC to Intermediate/Advanced MCC level demonstration. In addition to 65 hours of coach-specific skills and behavior development, you will also receive the required ten hours of mentor coaching through a combination of group mentor coaching, plus four, individual mentor coach sessions.

Learning Outcomes

- Synthesize skills, styles and strengths into your unique artistry and style as coach while expanding capacity for evocative directness, systemic orientation and creating behavior based coaching plans.
- Strengthen an inner coach that witnesses your work so that you apply continuous learning and self-development with client session recordings and build awareness and confidence for artful demonstration.
- Advance client agreement skills so that deeper partnership generates full client leadership consistently and accelerates client learning and growth.
- Explore and practice application of the inviteCHANGE, generative coaching principles, models and techniques to support sustained behavior change clients desire.
- Build confidence in your competence by completing a written examination of your integrated knowledge about the ICF Core Coaching Competencies and Generative Coaching principles, models and techniques.
- Identify and access your next horizon of skill expansion through incorporating first-hand observation of your coaching by Certified Mentor Coaches in both a group and individual format for a total of ten hours.

The program is delivered by ICF Master Certified Coach program leaders who are also trained and experienced as inviteCHANGE Certified Mentor Coaches. You will find yourself in the company of experienced coaches from across the world, creating collaborative learning together. Self-assessment methods and tools are provided to support selection of client recordings, preparation for the written examination and completion of the ICF application for an ACSTH-PCC or Portfolio-MCC credential process.

This course strengthens professional coaching skills by focusing development upon the 11 Core Coaching Competencies, as defined by the International Coach Federation (ICF). In addition, our trademark generative principles, models and techniques are incorporated as a unique way to apply the core coaching competencies with clients who are seeking conscious choice and sustained change in their lives. Practice with peers occurs during session and in three independently scheduled rotations of triads, providing a safe environment to experiment, stretch beyond your comfort zone and ultimately integrate an expanded skill and more artful behavior competence.
